THREE CHILDREN, saying their evening devotions, is the new Sweepstakes winner in the first annual desert-wide Amateur Photo Contest sponsored by The Desert Sun. The winner is Mrs. Mele Anguiano. Don DuBose, previous-

ly announced winner, was disqualified by the judges as he had taken the picture for monetary gain, and therefore was classed as a professional and ineligible for the strictly amateur contest.

ALL INCUMBENTS SEEK COUNCIL RE-ELECTION

Councilwoman Ruth Hardy and Mayor Florian Boyd, representatives of districts five and seven respectively, announced yesterday that they will each circulate petitions, a formality required prior to having their names added to the councilmanic ballot of the April 10 general election, to be signed by homeowners in their districts.

Mrs. Hardy and Boyd are the last of the four incumbent council members to announce their desire to run for re-election.

Home Owners to Oppose Three Major Bond Issues

After more than two hours of discussion of the seven proposals on the coming City Bond Issue Election, the Home Owners League went on record last night

To date, J. Ray Corliss is the only non-councilman seeking election. He would represent district one.

Mrs. Hardy, who has operated a hotel in Palm Springs for more than 20 years, was elected to the council in 1948, and has continually shouldered the fight for the beautification of the Village, and the maintenance of natural beauty spots here.

MRS. HARDY HAS continually opposed industry which might prove detrimental to the idea of the Palm Springs resort aura, or harm its natural wealth.

As the chairman of the council's Park and Recreation Committee, she has fought for lighted Palm

Mele Anguiano Named Winner in Photo Contest

Out of town judges of the first annual photo contest sponsored by The Desert Sun yesterday backed up and took another gander at the picture they selected as the sweepstakes winner.

It developed, according to W. E. Griffith, spokesman for the judges, that Don DuBose, declared the winner, at one time a professional photographer in Palm Springs, snapped the winning photo under conditions that smacked of professionalism.

Don DuBose himself declared that certainly the picture he took of the little girl watching her brother maneuver toy soldiers was taken under professional circumstances. In other words, the print of the picture was sold for gain.

"That disqualifies Mr. DuBose," declared Griffith, "and our second choice which was a very close runner-up must be declared the winner."

THIS PICTURE, snapped by Mele R. Anguiano, shows her three children kneeling before a shrine in prayer, and is published in The Desert Sun today.

Now if Mr. Anguiano will come down to the offices of The Desert Sun, she will be formally presented with the sweepstakes trophy offered by this newspaper.

RUNNER-UP in this black and white category shows a little boy, Ten Ball, attired in a Western costume, petting the head of a burro as he lies prone on the ground before the kneeling child.

First prize winner in color photography depicts a beautiful scene of mountain and sky, taken by Frank Thome.

First prize winner in color transparencies went to Mrs. Jeanne Smith, Box 38, Rancho Mirage, and runner-up in this same category was won by Jimmy Ritter and was entitled "Whispering Palms." Both of these persons may call Monday for their prizes at the offices of The Desert Sun.

Thousands on Drive Watch Rodeo Parade

Officials of Two States, Queen at Head of Cavalcade

The Palm Springs Rodeo parade is now history—part of the colorful history which is associated with Palm Springs.

Thousands of persons lined Palm Canyon Drive this morning to watch two lieutenant governors, Harold Powers of California, and Rex Bell of Nevada, as Grand Marshals, and Queen Piper Laurie lead the two-hour spectacle.

Interest now shifts to the Polo Grounds where top riders of the country are competing for the \$2,000 in prize money.

NAMES OF THE ENTRANTS read like a "Who's Who in Rodeo." Among the top ones are Eddie Akridge, Harley May, Sonny Tureman, Lex Connelly, Buck Abbott, Paul Templeton, Glen Hone, Bill Hogue, Homer Pettigrew, and Vern Castro.

The Rodeo today started at 1:30 p.m., with the Grand Entry. The same time is scheduled for tomorrow.

Besides the traditional Rodeo events, the sponsoring Palm Springs Mounted Police has arranged for the top Rodeo entertainers of the country, including Montie Montana and his family, Edith Happy, Sharon Lucas, Sherman Crane, the Valleyettes and Vaqueros Drill Team.

QUEEN PIPER LAURIE was officially crowned at the Rodeo Ball last night at El Mirador Hotel, to start festivities.

The parade was the second big event, with equestrian units, both individuals, matched pairs and Poses, attracting the attention of everyone lining the street. Bands provided marching music and added color to the event.

Battle Rages Near Formosa

TAIPEI, Formosa (AP)—Nationalist warships teamed up with land-based artillery to drive off a flotilla of Communist gunboats and smaller vessels which stabbed at tiny Kaoteng Island under cover of darkness, it was reported today.

The reports said Nationalist war ships intercepted a heavy concentration of Communist vessels near Kaoteng, in the Matsu group, shortly after dusk Friday night. The Nationalist vessels illuminated the area with aerial flares and heavy gun duels erupted.

U.S. Rejects Eden Trade Proposals

WASHINGTON (AP)—The United States has turned down British Prime Minister Anthony Eden's proposal for sizeable relaxation of curbs on Allied trade with Red China, diplomatic officials disclosed today.

However, the United States told Eden it would be willing to "consider" relaxed Allied controls on a few items for export to Red China.

Cabazon Hopes to be Close Neighbor to Palm Springs

Cabazon's mayor, L. Dee Talent, would like to see his city and Palm Springs adjacent to each other.

He announced yesterday that the present plan by Cabazon to annex a seven-and-a-half-mile strip of land from the present southern Cabazon city limit south to within about a mile of the Village's northern boundary would merely be the first step toward over-all annexation, if it proved compatible with Palm Springs' city fathers.

He said he would like to talk informally with Palm Springs city council to get their reaction to his desires.

TALLEN, MAYOR of the city which incorporated November 8, 1955, with slightly more than the minimum 500 residents, said he had talked with Palm Springs city manager Robert W. Peterson during the middle of the week regarding the billboard situation on Highway 99 and 111.

He said he pledged his city's cooperation with the policy of Palm Springs, and that he eventually hopes to eliminate all highway bill-

LEADING THE RODEO PARADE, Lt. Gov. Rex Bell of Nevada, Rodeo Queen Piper Laurie and Lt. Gov. Harold (Butch) Powers of California, precede the largest Rodeo Week parade in the history of Palm Springs. An estimated 20,000 residents and visitors stood and sat along Palm Canyon Drive to watch equestrian units,

Mounted Police, high school and junior college bands go down the line of march. The parade was followed by the Wild West Rodeo at the Polo Grounds, and the entire event was sponsored by the Palm Springs Mounted Police.

PUC Orders Quick Action in Local Area

Two Desert Area Companies Told to Correct Situation

Indignant dissatisfaction with telephone services as supplied by two privately owned public utilities, brought to the explosive point by a story in The Desert Sun, reached a semi-climax today with a mandatory order by the State Public Utilities Commission.

The companies involved are the California Water and Telephone Company serving Palm Springs, Desert Hot Springs, Cathedral City and Rancho Mirage, and the Coachella Valley Home Telephone and Telegraph Company serving Palm Desert from its main exchange in Indio.

The Public Utilities Commission requested that the two telephone companies serving these areas correct deficiencies immediately or present plans within 10 days for their correction.

THE MAIN COMPLAINT in Palm Springs and the areas served by the California Water and Telephone Company, is that the service by the company is inadequate and far below the need of these fast-growing communities.

The main issue involving the Coachella Valley Home and Telegraph Company was described by subscribers at a recent hearing as toll charges from Palm Desert to Palm Springs, and for that matter sometimes less than a quarter of a mile northwest of Palm Desert.

AT THE HEARING the Public Utilities Commission representative pointed out to members and officials of five chambers of commerce in the area, that the hands of the State Utilities Commission were tied until a formal complaint is filed.

A formal complaint, it was learned, requires the expenditure of 25 cents for a formal procedure document and that it must be filed by 25 telephone subscribers or a large civic group or a municipality.

J. C. NEWMAN, manager of the Coachella Valley Home Telephone and Telegraph Company told The Desert Sun today that they have been in constant touch with the Commission and are scheduled to

Aggressors Told U.S. Prepared to Meet Any Attack

WASHINGTON (AP)—Air Secretary Donald A. Quarles warned would-be aggressors today the United States is prepared to use nuclear weapons in limited as well as global warfare if forced to fight again.

In what could be an answer to expressed congressional fears about Russian military progress, he said the U.S. Air Force "is superior to that of any other nation."

He told of new bombers, super-sonic fighters and missiles going into service. And he added that "we have good reason to expect that the air power I have described will continue to be an effective deterrent" to aggression.

Quarles told a "jet age" conference of 1000 government and civil aviation leaders that the United States has forces to meet "global or limited" attack.

"Today a single bomber, or a missile, or even a fighter-bomber can deliver on a target as much explosive force as all the World War II bombers combined," he said.

Civic Leaders Urge "Yes" Vote on Sewer Bond Issue

A "yes" vote on Proposition One at the Feb. 14 Civic Improvement Bonds Election was urged today by City Councilman Frank Miller; realtor Terry Ray, president of the Palm Springs Realty Board; Hotelman Ed Davidson, and longtime desert resident Carl Lykken, a member of the old Sanitary District Board.

Proposition One would approve 25-year general obligation bonds to finance a \$1,870,000 expansion of the present 20-year old sewer system.

ON THE BASIS of the report submitted to council by the San Bernardino firm of Fulke, Crist and Brodie, Councilman Miller explained that the bonds will give Palm Springs authority to go ahead with plans for modern sewage plant and system facilities. Miller said experts of the consulting firm estimate that such a system of trunk lines will provide for the city's growth for approximately 25 years.

He explained further that this sewer treatment plant and the installation of trunk lines are the basic necessity to this expansion, but that it should be clearly understood that additional financing will be required for the installation of lateral lines right to the property line of all improved properties in Palm Springs. This financing is contemplated for consideration in a future election on sewer revenue bonds in the approximate amount of \$1,400,000, which would be redeemed not through taxes but through service charges.

"FEEL WE MUST be alert to the needs for the city's expansion."

Scout Program Topic for Kiwanis

Mayor Gordon Cologne, Indio, who is active in Scouting in Riverside County, will be the featured speaker at the meeting of the Kiwanis Club Tuesday noon at Saddle and Siron.

Scout Troop 77 is sponsored by the Kiwanis Club, with Vern Baumgardner as Scoutmaster.

The Weather

Desert area forecast: Some high cloudiness at times but mostly sunny today and Sunday. Slightly warmer tonight. Highs today 54-64 upper valleys, 64-70 lower valleys.

High here yesterday was 62, and low was 28.

PRESS STOPPERS

LIMA, Ohio UP - Pickets and Westinghouse employees battled here today and the sheriff said the situation "was out of hand." Sheriff Clay Cotterman said that about 700 pickets massed at the plant to prevent persons from returning to work. One car was overturned, at least 10 were damaged, and one person inside the plant was reported hurt when hit by a pipe thrown through a window.

FORT LAUDERDALE, Fla. UP - Two Navy airmen were killed and two others "miraculously saved" today in the crash of a Navy training plane a mile off the coast of Fort Lauderdale beach. One man was dead when rescue workers from a Navy destroyer in the area pulled him out of the wave tossed water. Another died after the destroyer and an ambulance took him to a hospital in Port Everglades.

WASHINGTON UP - The Senate Agriculture Committee approved unanimously today legislation to increase the school free milk program by \$25 million a year. The program, which now costs \$50 million a year, would be authorized for the next two years.

The Old Way

CAMBRIDGE, Mass. — (UP) — Seventeenth century Massachusetts had a sure cure for juvenile delinquency — the death penalty. Records in the Harvard Law School Library show that in 1648 it became a capital offense for a boy over 16 to "curse or smite his parents" or for a "rebellious son" to disobey his father. The law stood until 1690.

WHEN TWO REPUBLICANS get together they discuss—guess what?—Politics. And that is just what Senator Harry Darby, of Kansas, and former Ambassador to Brazil James Kemper, are doing in the gardens of Oasis Hotel. Senator and Mrs. Darby stopped at Oasis on their first trip to Palm Springs, this week. They are returning to Kansas now, but plan to return at a later date. (Postspil photo).

California Gets 140,346 in New Polio Shot Quota

WASHINGTON (AP) — The Public Health Service has announced the release of 2,265,912 shots of polio vaccine for distribution to the public under the government's voluntary allocation system.

The National Foundation for Infantile Paralysis will receive 150,000 shots to complete a vaccination program in Massachusetts. The remainder will go to states and territories for distribution to public health agencies and commercial outlets.

Today's release means that all told 33,245,274 shots have been made available since the vaccine program began last spring.

Today's allocations included: Arizona, 13,356; California, 140,346; Idaho, 8,478; Nevada, 2,457; Oregon, 19,872; Utah, 10,854 and Washington, 30,389.

The council's only woman member, who has spent all Summer here in order to oversee building during the periods when a lack of tourists allows, the major portion of construction to be done, has always felt that a woman's view is necessary in a body governing Palm Springs policy.

FLORIAN BOYD, who has spent eight years on the council, replaced Charlie Farrell as mayor at the start of his present term.

In his candidacy announcement, Boyd said he wants to see the things he has worked eight years to achieve become realities. He cited the city officers, the golf course and other projects, such as the present seven-item \$3,555,000 bond issue up for special election on Valentines Day.

He said he felt that it is the duty of a council, in the case of the bond issue, to leave the decision to the electorate of the Village, and they can only vote on such an issue when city council passes an ordinance creating it.

He said he felt that he now knows the problems of the city, and feels qualified in handling those problems as far as his job as Mayor allows.

COMMUNITY SERVICE — The happiest people in every community are those who are performing some unselfish service for their town, their country or their fellow man. Like the lady who called at our house the other evening and asked if we would not like to contribute something to the March of Dimes fund. Her smile made me sure that she was getting happiness and satisfaction from her unselfish service.

There are moments in the life of every civic worker when they have to meet discouragement — and feel like giving up. Criticism seems to be the reward for their unselfishness. We all experience such feeling at times. But few give up. There is a compelling force which urges them on. It is the feeling of happiness that comes from doing things for others.

Did you ever stop to realize how many functions and activities in the average community are carried on by unpaid workers — volunteers. There are, for example, more unpaid than paid workers in our City government. There are, first of all, the members of the City Council who serve without pay. Many others serve on boards and commissions. The only remuneration School Board members get is their contribution to community betterment. The same holds true of the Desert Hospital Board.

Hundreds of others devote a great deal of their time to such activities of the Chamber of Commerce and the Jaycees, Boy and Girl Scouts, the Boys Club, Youth Center and Health Center. There is the Desert Museum Board and the Library Board, both manned by volunteers.

Almost all of the work of the churches is contributed by members who teach Sunday School classes, handle administrative and financial affairs. No one receives any monetary reward for many community betterment activities of the men's and women's service clubs. The same is true with our fraternal and veterans groups which carry on helpful programs for their members and the community at large.

THE MONEY RAISERS — It takes money to provide the tools with which these volunteers work. It takes buildings and equipment, supplies and services which must be paid for. This is the task for more willing workers — the money raisers.

This group of campaign chairmen and their committees must undertake the Community Chest drive and numerous national campaigns such as the Red Cross, March of Dimes, Heart Fund, Cancer Fund and the Salvation Army. There are many of these appeals which have to be manned by local residents every year. By personal solicitation, appeals through the mail and events to which admission is charged, the funds for these charitable, health and youth activities are raised. It all requires a lot of time and work on the part of countless volunteers.

In working—and in giving—to make a better community and help others who may be less fortunate, people find the kind of happiness that can only come through unselfish service. And through the contribution of time and money these people make our town and our country a better place in which to live. This spirit of unselfishness forms the backbone of the the "American Way of Life."

COOPERATION IS THE ANSWER — That old, old question — should the teacher be permitted to administer physical punishment to a pupil? — has reared its head again.

On Long Island, New York, a grade school gym teacher made a 10-year-old boy wash his mouth out with soap because of language he used in the gymnasium.

The boy's parents demanded that he be prosecuted, but authorities rejected their quest. Most other parents applauded the action taken by the teacher.

There was a time when the punishment administered by the Long Island teacher would have been considered very mild. The boy would have felt lucky he didn't get his hide tanned with a strap. And to have told his parents about it would have meant another "whaling" when he got home.

Like many another social problem in America this one has swung from one extreme to the other. Where once punishment for wrongdoing in school was swift and too violent, not it is often mild or non-existent — and Congress is debating what to do about the juvenile delinquency problem.

So much is certain: When the teacher is not permitted to exercise his responsibility and when he is not backed up by parents at home and officials at school then the entire educational system is at the brink of collapse.

Washington, Iowa, Evening Journal — When it becomes harder to sell than to buy, look for a price sag. When it's harder to buy than to sell, look for prices to climb. This seems to apply to every type of merchandise sold, and the only way to change it is to turn everything we have over to the government and let the experts handle all supplies and all demands. Most of us — we hope — still prefer to face the occasional uncertainties of the market than to put all our trust in politicians and economists.

(The following memo came from the office of Mayor Florian G. Boyd. Even if it didn't, it could have.)

Roses are red
and violets blue—
Vote for the bonds
and I'll love you.

Ten days from today is St. Valentine's Day.

It is also Election Day. When the electorate of Palm Springs will troop to the polls to register their opinion on the bond issues designed to give the Village some much-needed improvements.

So the mayor and the city council plus the city manager, are hoping that on this Valentine's Day you'll be their Valentine.

I HAD BEEN intending for several days to lay off comments on the new automotive licensing system adopted by the state. But the postcards and comments keep coming in.

Mrs. Levering P. Moore is quite proud of her plate. It's KUD 013. Now KUD is an abbreviation for Kudos and Kudos means glory, fame, and so on.

The big trouble, she wrote, is that there are 999 of the Kudos in the state and she spends all of her time when on the highways looking for the other 998.

ANOTHER CLIENT writes in that she saw CAN on an automobile—and, believe it or not, the vehicle which bore this plate was a custom-built Cadillac. That's irony.

Personally, I saw a plate which aroused my curiosity yesterday. Had just read in the public prints that Harry S. Truman said he would never run again.

But here was HST running merrily up P. Canyon Drive.

Wanted to stop and ask the driver how he was registered politically.

Figured that the way fate plays pranks, the state had assigned HST to a staunch member of the Old Guard, GOP.

But Mrs. G. refused to let me. Said the man would probably tell me that it was none of my business.

"And he would be 100 per cent right," she added as a clincher.

THE OTHER MOON, members of the Palm Springs Mounted Police, in their yellow shirts and blue jeans, turned out en masse to attend the Lions Club luncheon and, while wolfing down a good Chi Chi lunch, to boost this week-end's rodeo.

They all introduced themselves and listed their occupations in civilian life.

Except Gus Kettman, Chief of Police. He told about the great work the MPs were doing. He didn't cite his occupation.

So it devolved upon Ralph Nesmith to enlighten the group.

"He's in the cooler business," Ralph said.

SPEAKING OF NESMITH—he's an inventor—here's a suggestion for him. A factory to can this cool January air for distribution in July and August. At which time, we will can the atmosphere of those months for distribution next January.

AND JUST in case this piece has not yet reached the bottom of the page, here is a thought from Quote: "The old-timer remembers when lots were full of ballplayers instead of used cars."

Proposition 4—Airport — \$400,000

Many years ago when Palm Springs was just beginning to show its resort potential, those visitors who wished to travel to the desert by air landed at a short, unpaved air port in Section 14, suitable for small light planes but not large enough for air transport.

With the coming of the war, a large airport was constructed in Section 18 on land in Indian ownership, and in 1947 this airport improvement was declared surplus by the United States Government, and the buildings and non-Indian land were deeded to the city in 1949; but the major part of the port is leased from the Indians.

SINCE THAT TIME the buildings, originally intended for temporary use, have been improved, and the airport is operated under a lease agreement, with the city providing all maintenance and upkeep.

With the tremendous growth of Palm Springs as a world-famous winter resort, more and more visitors from all over the world arrive daily by plane, and the airport is actually a front door to the city. Petitions have been made in recent months from many sources to CAB for increased airline service to the desert area, particularly from the east and middle west. All of this airline traffic is handicapped and restricted, however, by lack of adequate facilities at the port, and this condition will increase immensely in the future.

The difficulty lies in the fact that major improvements, such as new airline buildings, are not desirable on leased land. The Federal Government will aid cities in airport improvements up to 55 per cent of costs, but will not release any of this aid money until full title to the property is obtained.

IF, AS A RESULT of this bond issue authorization, the city could negotiate successfully with the Indians for the purchase of this land, Federal aid could be obtained to apply against the cost of the land and for all needed improvements, including beautification, airline offices, administration building, coffee shop, parking areas, etc.

Since the Indians have expressed no wish to sell this land at the present time, no bonds would be sold and there would consequently be no addition to the tax rate on this bond issue until negotiations were completed. The purpose of this bond proposition is to give the city administration authority to negotiate, and to sell the bonds should the Indians agree to the sale of the land.

WASHINGTON — House Democratic Leader John W. McCormack on the anniversary of the late President Roosevelt's birth: "He epitomized the hopes of the average persons."

WASHINGTON — Rep. Thomas A. Jenkins R., Ohio on the difficulty of keeping a check on the refund gasoline claims of farmers: "If a farmer is dishonest and wants to cheat, he can do so. But it won't pay. There's not enough involved . . . farmers should not abuse it, and I don't think they will."

SEWICKLEY, Pa. — Mrs. Hulda Vos, 39, mother of 11 other children and grandmother of three, on giving birth to triplets: "Now I want to get a bigger house and then get all my children back together again."

NEW YORK — Quiet Manager Walt Alston of the Brooklyn Dodgers, on his sudden new-found popularity since the Dodgers won the World Series: "I didn't know until this winter that there was much difference between the minor leagues and the majors and between finishing second and finishing first."

WASHINGTON — British Foreign Minister Selwyn Lloyd on the Eisenhower-Eden talks: "If we stand together, there is almost anything we can do together. If we fall apart or if we are driven apart, then there is no danger which may not befall the free world."

Reports on Hollywood

HOLLYWOOD — There are now four quiz shows in the top ten ratings . . . Mary Astor's playing of the Bette Davis role in "The Star" on Video Theatre brings to mind that she won a supporting player Oscar for "The Great Lie" in 1941 . . . Phil Silvers' tremendous smash as television's Sgt. Bilko is inspiring United Artists to resurrect his old (well, two years old) movie, "Top Banana." It didn't do very well in the theaters when first released. This time around things may be different!

Universal showed off its young contract players — including Dani Crayne, Floyd Simmons, Gia Scala, Phil Harvey, Kathleen Case, Ziva Shapir and Glen Kramer—in a special audition for Albert McCleery, executive producer of NBC-TV's Matinee Theater. The television tests of the movie studio's contract players took place in the studio's new \$80,000 talent building — and if this isn't a wedding of TV and the movies what is?

Claudette Colbert's show business superstitions: 1. Never quote from "Macbeth." 2. Never take a knife from another actor's hand; make him put it down, then pick it up. 3. Never drink a toast with water. And, of course, 4. Never whistle in a dressing room . . . Hugh "Wyatt Earp" O'Brien is demonstrating his fast gun-drawing

pross at the annual Boy Scout Jamboree in Los Angeles' Shrine Auditorium. . . . Who are the out-fits spending the big money in TV? Three food companies are among the 10 biggest spenders, then come two auto manufacturers, two soap companies, two tobacco companies, and, finally, a razor blade manufacturer.

English teacher Connie Brooks will soon resume her chase after Mr. Boynton, the biology teacher. Robert Rockwell (University of Illinois Class of '37), who was eased off Our Miss Brooks for a while, returns by popular demand.

He gets the stammers when he recalls it now but Dick Powell once told me no actor will ever do a weekly telenovela unless he can't get a job in the movies! . . . A tour through Jack Webb's new telefilm layout at Republic Studios for his Mark VII Productions — including an \$80,000 projection room, equipped to handle regular-sized screens, CinemaScope or almost anything you can think of impressed me greatly. And Jack's new \$250,000 two-story office building, almost completed, is in direct contrast to the small office space he had when he began Dragnet four years ago. His is a spectacular success story in TV — so spectacular it sounds like fiction!

All of us hi-fi guys know that the "ohm" in Carol Ohmart's name

means the measure of electrical resistance . . . Red Skelton on the difference between vaudeville and TV: "In the days of vaudeville the opposition was in another theater. On TV the opposition is in another apartment!" . . . From Kermit Schafer: "Try and explain to a teen-ager that someday he'll be as behind-the-times as his father!"

Clifton Webb is trying to get 20th-Fox to buy the television play "A Man of Taste." Clifton plans playing Mike Rennie's role and is trying to talk Marlene Dietrich into doing the movie version of Zsa Zsa Gabor's role . . . From the Manchester Guardian: "If you've got mice or rats, there's nothing like a TV set for getting rid of them. You may not believe me, but TV causes some vibrations we can't hear and they're scared. Mice and rats won't stay in a house where there's a TV set."

Milton Berle is berling at Keenan Wynn's razor-sharp etching of an egomaniac television comic on a recent Alcoa Hour. Uncle Miltie feels it was a take-off on himself — and himself doesn't like it! . . . George Gobel on his singer, Peggy King: "She signed with NBC-TV when she was very young and very naive. You have to be very shrewd when you sign with them dudes. Me? I get \$28 a week and all the glazed fruit I can eat!"

It Happened Last Night

KANSAS CITY — In an old horse barn which is his studio, Thomas Hart Benton now 66, the great regionalist painter, sat before an easel, wearing overalls, puffing a small pipe, and talking about how a fellow can make a living today as an artist.

"What's that you're working on?" I asked him.

"A mural for the River Club here in town. We'd been dickerin' and I told 'em they'd better let me do it before I got too old. I think it's a hell of a compliment when your home town buys something from you."

"You must be well-heeled," I said. The home out on Bellevue was large and comfortable-looking. A mural of Lincoln ordered by the students of Lincoln University at Jefferson — who'd actually collected \$4,000 — was given to them outright by Benton.

"Not well-heeled, but I have properties here and in Martha's Vineyard. I've got bonds, and if I don't sell any more paintings, I won't starve."

"What more can an artist want?" asked the graying little man — he refers to himself as being "5-feet-3½ and also stooped."

He destroyed all his French-inspired stuff — "just burnt it up and tore it up" — 30 years ago and began painting his native America. From then on he had a market.

"The best price I ever got, I guess, was \$15,000 cost plus for the mural over the elevator here in the Harzfeld store. Twenty years ago I got \$16,500 net for the State House here in Missouri. That was respectable pay then. Now I could-

n't do it for less than \$45,000."

Lest you think this is a capitalist or banker, I should mention that this kind of talk came out because I asked him the questions and he, being a nice guy, answered.

"So I think anybody who learns his craft thoroughly through straight training and paints regionally will be able to make a living."

Benton reached for a box of wood matches and lit his pipe. He toyed with some brushes.

Some years ago while visiting New York — which he had previously lived in for 24 years — he had a couple of three drinks and, in an interview, lashed out at art museum directors whose masculinity he questioned. The result was that he was fired here by the art institute where he was a teacher.

"But I sold several pictures right after that to museums," he added, chuckling. "It was just as though they were trying to prove I was wrong."

"I never take any alcohol while I'm painting," he said. "I'm kind of a calculating painter and don't just slop things around. I'm not working for posterity. I'm working day by day, for a living. Art is a way of life and it's my life."

Behind him was an old stove. He scratched a match on it and relit his pipe.

"See that model on the floor there? I want to do the Grand Tetons out by Yellowstone and go west every autumn to study them."

"To show you I like to paint, I'll take the trouble to sit in a Wyoming blizzard. You can't see

10 feet ahead of you in the snow. But you can paint!"

The hospitality of the Bentons struck me almost as much as his interest in painting America. For when I phoned about visiting him, I got Mrs. Benton. We discussed when I should come out.

"How about right now?" she said.

THE WEEK-END WINDUP . . . "Don't print that!" A Miami hotel is giving its expensive towels away as souvenirs; after they were monogrammed, the owners learned they couldn't use the name they'd planned . . . A scandal mag publisher, being profiled by a newspaper, said, "If the series is peppy enough, we'll be glad to reprint it."

Birdland's 26-city concert tour has a \$100,000-a-week payroll, with Sarah Vaughan getting 30¢ a day. A top gal singer just hired her fifth personal mgr. in two years; she thinks they all fall in love with her.

WISH I'D SAID THAT: A new story says men are getting taller; but there'll always be women to cut 'em down to size. — Lou (Fire-side Inn) Simon.

TODAY'S BEST LAUGH: "When a woman says she hasn't seen 40 yet," claims Hal Chadwick, "perhaps her vision isn't 20-20."

Mountain climbers are roped together because there's safety in numbers. Also, it keeps the same ones from going home. . . . That's earl, brother.

Washington Report

WASHINGTON — Kaoteng, a small island of the Matsu group, is the first target for the offensive which Red China is now openly mounting against the Nationalists' coastal strongholds.

That's what President Eisenhower has been told by the Joint Chiefs of Staff.

Their ominous report, based on extensive first-hand intelligence, estimates this initial attack will come early in the Spring.

Kaoteng is deemed the Communists' first objective for two reasons: (1) To probe the Nationalists' defenses on the Matsu Islands; and (2) to ascertain American reaction to the use of armed force to seize them.

Presumably, if the Reds get away with that, they will then assault Quemoy, to the south, the largest and strongest of the Nationalists' offshore islands.

Preparations for that are going on simultaneously with those against Matsu.

The Communists are aggressively pressing these double-barreled military preparations despite naval and artillery counterattacks by the Nationalists — and a recent indirect "show of strength" by the Seventh U. S. Fleet, several hundred miles northeast of the Matsu Islands.

This unannounced event took place around the middle of January, and was in the form of maneuvers by main elements of the Fleet, including three aircraft carriers.

Planes from these carriers established that the Reds are massing a number of invasion-type craft, plus gunboats and torpedo boats in Loyuan Bay, in the vicinity of Kaoteng.

This invasion fleet is not large enough to assault Matsu, the main island of this coastal group which lies directly opposite the northwestern tip of Formosa, where Taipei, the Nationalists' capital is located. Matsu has a garrison of 15,000 and is powerfully fortified.

In contrast, tiny Kaoteng, about five miles from Matsu and nine from the mainland, is only manned by 1,000 troops. The Reds' amphibious equipment is more than adequate for assaulting this key insular position.

SECOND OBJECTIVE — The

President also has a grim report from the Joint Chiefs that the Communists have virtually enveloped Quemoy.

This main Nationalist offshore stronghold is now enveloped on the north and south by artillery-studded causeways which the Reds have built from the mainland Quemoy, with a garrison of 35,000, and massive fortifications, is directly opposite the southern part of Formosa.

The strong gun positions on these causeways not only enable the Communists to shell every part of Quemoy, which they were unable to do before, but also to interdict the sea lanes that are vital for supplying the beleaguered Nationalists.

The northern causeway reaches to the tiny Tateng Island, 15 miles from the mainland. It was built by hundreds of coolie laborers, many of them women. Both the causeway and Tateng have numerous cannon and mortar positions. The southern causeway extends to Amoy, approximately

one-and-one-half miles off the coast. The Red's heaviest batteries are there. To service them, they are now building a narrow-gauge rail line.

In addition to these military preparations, the Communists are also waging aggressive psychological warfare aimed at undermining the morale of Nationalist troops. Their reaction to these propaganda operations is being intently watched by the U. S. authorities.

So far, a few Nationalists have deserted. But the real test will come if and when the Reds launch their long-threatened offensive against these islands.

NOTE: Real purpose of those "consultations" for which Ambassador J. Wellington Koo returned to Taipei is to advise Chiang Kai-shek on whether the U. S. will defend Quemoy and Matsu Islands. President Eisenhower and Secretary Dulles have never committed themselves on that.

Try and Stop Me

By BENNETT, CERF

INSPECTOR WALTER THOMPSON of Scotland Yard was Winston Churchill's bodyguard for almost twenty years and that gave him a unique insight into the character and habits of one of the great men of all time.

Here are a few of the Inspector's observations: "Though Churchill in defeat is noble, with nothing to do he is a kick-er of waste paper baskets, with an unbelievably un-governed bundle of bad temper . . . He loves confusion—if he can take charge of it . . . If he finds something to his liking on the radio, he marches up and down in ecstatic disregard of his household and guests, shouting imaginary orders sometimes making sharp parade-ground turns at the end of the hall . . . He hums a great deal. His humming . . . a bleak, unsettling thing . . . sounds more like a mass of insects than a tune . . . Churchill is exhilarated by danger. He gets extra lively and almost boyishly concerned. The danger simply delights him."

Unedited

By BILL RASHALL

After living in this town as long as I have, there are days when I wake in the morning and start thinking what a crazy pattern of human emotions and events occur to make Palm Springs the greatest town in the world in which to live.

What an ambiguous statement to make: crazy and lovely all in the same sentence; nevertheless, it is.

Lived here long enough to know that people who come down here for the Winter — come to play and relax. And those of us who live here around the year to work and serve — are too busy to do anything else.

NEVERTHELESS, beneath the surface of all of this human wave of emotion there does beat a heart of understanding. Although most of us forget in the hurly burly of play and work, as the case may fit, we do think about others some of the time.

The reason for all of this guys and gals is just this: Wrote a piece about a girl by the name of Evelyn Spikre, who has been tussling with a vicious thing called cancer.

I didn't expect any reaction to my little bit, but gee willigens, the whole town bounced right back in my face. And not only Palm Springs, but all the way down from here to Palm Desert.

She needs seven pints of blood. It is blood that she owes to the Palm Springs Desert District Hospital. I've had people call me asking what they could do. Those who have asked about sending money I directed that they send it to me. Those who wanted to give blood I said call the hospital. To all future questions about Evelyn, who called me in a thankful message, read the above and follow my instructions, please. And believe me, I am overwhelmed by your response.

THERE'S A GUY in this town by the name of Jimmy van Heusen who is running a cocktail saloon under his own name at the Desert Inn. Listen people, I double dare you to find a man who is half as good as this guy — and that goes for anybody I've ever met in my life.

Baldheaded (that is with less

hair than I have) he is one of the foremost music makers in Hollywood today. But you should see this sweet guy moving about that bar of his trying to satisfy the people who frequent the place — mostly on weekends. He has lived here a long, long time. (before he became a saloon keeper) as a resident and great booster of all that Palm Springs stands for. Visit the Desert Inn and say hello to a man that is worthy of your greeting.

It must be a year since I wrote a story about Irwin Schuman in this column. Just the same during the past two weeks there have been at least ten requests for the yarn and I do not remember the exact day on which it was published.

So I said to Irwin: Let me write your biography. It was just like talking to a blank wall with one echo and that was "No." I asked

the same question of Frank Sinatra, dining at the Dunes and he said: "No one will ever write my biography." Am losing all around, eh children?

NEAL OLSEN came up with one at the Kon Tiki: "You know, Bill, I found a place where I can get a five cent ice cream cone and a five cent this or that at the grocery store at the Out Post Estates. The lady there said if she ever owned a place that would be her greatest ambition," so said Neal. I think I'm going to take Kate out there and you had better do the same, George.

The Prince and Her Grace to Wed in Operatic Style

By ALINE MOSBY
United Press Hollywood Writer

HOLLYWOOD — Prince Rainier III has given actress Grace Kelly a second, flashing engagement ring and despite skeptical movie-townners — a blueprint for a fabulous four-day wedding in Monaco.

While some local experts still bet the romance might fade, the mustached prince quietly has slipped a diamond the size of a small spotlight on her finger to replace the minor ruby-and-diamond bauble he gave her in New York.

And the Prince also spends his days here on the long distance telephone to Monaco discussing a schedule for their April wedding that outdoes the plans for the fall of Rome.

Sources inside the house say the wedding will make Rita and Aly's knotting look like an informal elopement.

Festivities Planned

The prince's advisors have decided upon four days of merriment. Festivities will include various parties, a civil ceremony, religious ceremony, huge reception, more parties and concerts. Each night fireworks will blaze over the Mediterranean — a scene stolen from a Grace Kelly film about the French Riviera, "To Catch a Thief."

Although true love still reigns in this schmaltzy operetta-type romance, there is one crass business note.

"The wedding date will be set for sometime after April 8, not to interfere with the Cannes Film Festival or other events so it will get maximum news value," a source close to the prince says. "After all, postage stamps and tourists are Monaco's industries."

Busy Doing Nothing

Meanwhile, Grace and Rainier are spending their celebrated courtship by doing practically nothing. The blonde actress works every day from 7 a. m. to 6:30 p. m. They dine either at her ranch-style, walled home in Pacific Palisades or his Italian-style mansion in Bel-Air. Only once have they appeared in public. That was when they dined at the Bel-Air Hotel.

"No kisses, they were very quiet," says a waiter.

While Grace works with Frank Sinatra in "High Society," the prince plays tennis on the courts behind her house.

He refuses to visit Grace on her movie set. In fact her romance came up only once during shooting — when director Chuck Walters let Grace wear her engagement ring. It will be one of the "stars" of the picture.

Mr. and Mrs. Henry Wolfson of New York City are spending a month here as guests of the Normandy Village. The Wolfsons have been coming to the desert for several years and are kept busy visiting with friends.

Pan-Hellenic Will Meet Thursday

The next meeting of Desert Pan-Hellenic will be on February 9 at Shadow Mountain Club, with luncheon at 12:30 p.m.

Hostesses for the luncheon will be Mrs. Frank Ewing of Palm Springs and Mrs. Boyd Clements of Indio. Any sorority woman belonging to a national college sorority is welcome to attend and may make a reservation by calling either of the hostesses.

Members were enthusiastic about the dinner-dance at Shadow Mountain Club on Saturday night. It was the first big social affair for this group.

From the Palm Springs area came the following guests: Dr. and Mrs. H. S. Winkler, Mr. and Mrs. F. J. Pruitt, Dr. and Mrs. James Ketchersid, Mrs. Penny Bullock, Mike Dietrich, Mrs. Robert Wegner, and Mr. and Mrs. Cal Brown.

From Palm Desert, Indio and Coachella: Dr. and Mrs. Edward Rue, Mr. and Mrs. Mike Stingi, Mr. and Mrs. Clifford James, the Ralph Morses, Boyd Clements, H. E. Horocks, and Thomas Carters.

Several couples came in after the Lions Club show in Indio, including the Paul Jenkins and the Richard Glasses.

Mr. and Mrs. Donald Entz of Thermal were the hosts of the evening.

Mr. and Mrs. C. C. Hutchens left Thursday evening to fly to Washington, D.C., on a 10-day trip.

Mother's Club Plans Benefit

St. Theresa's Mother's Club held its monthly meeting at the parish hall Wednesday with Tani Boyle, president, presiding. The forthcoming benefit, on February 14, replacing the annual carnival with a dinner-dance at Shadow Mountain Club, was discussed and new names added to the list of entertainers for the show. One of the outstanding personages will be Ginny Simms, who will sing.

Other topics for discussion were the sponsorship of the athletic program in the school and uniforms for the teams, the annual Spring rummage sale with Mrs. Elizabeth McIntyre in charge, and the need for a new school bus.

Reservations for the dinner-dance can be made with Rev. Father Raymond O'Donohoe, phone 2902.

Mr. and Mrs. Frank Toth spent a few days visiting with friends in Pasadena and Los Angeles over the weekend.

Two Babies Born Ground Hog Day

Groundhog Day was chosen as the day for two new little citizens to make their appearance. Baby boy Charles Anthony was born to Mr. and Mrs. Donald Ross of 32700 Shifting Sands Trail at 1:30 a.m. and weighed five pounds and one ounce.

A girl was born to Mr. and Mrs. Laurie Nielson of 261 Palo Verde Drive, at 3:37 a.m. The little Miss weighed five pounds and three ounces. Both babies were born at the Desert Hospital.

Mrs. Lela Thomas arrived in Palm Springs the latter part of January and is a guest at the Normandy Village for the rest of the winter. She is a close friend of Mrs. Grace Sensenbrenner, also of Appleton, who has been living at the Normandy Village since fall.

Nate Gross, Chicago American columnist, is spending a few days at El Mirador.

Mr. and Mrs. James Berg of St. Louis and Santa Barbara are at the Desert Inn until mid-month.

Visitors are Dinner Guests

Mr. and Mrs. Bert Dutcher entertained their friends, Mr. and Mrs. James MacKaffrey of Sacramento, for dinner at Thunderbird Saturday, and on Sunday night they were a dinner foursome at the Racquet Club.

The MacKaffreys were guests at the Riviera for a week and while here purchased a lot and will start building a home in the near future. Mr. McKaffrey is president and general manager of Sacramento Utilities.

On Thursday the Dutchers welcomed their daughter, Mrs. Alex Manier of Appleton, Wisconsin, and their grandchildren, Marcia 16, Judy 14, and John 12. The Manier family will be here for two months and the children will attend Palm Springs High School.

Actor is Host at Luncheon

Edward Everett Horton, who is starring in this week's production at the Palm Springs Playhouse, hosted a luncheon at the Racquet Club on Thursday.

Luncheon guests were Mr. and Mrs. Nate Milnor, Mr. and Mrs. John Luccarelli, Mr. and Mrs. William Baur, Rev. and Mrs. William Blondon, Laura La Plante, Beth Scott and William Hughes.

Mr. and Mrs. Stanley Moore of 753 South Riverside Drive have opened their home again and will be here for the rest of the season. Their children, Janet, a student at University of California, and Cecil, will be here as much as possible. The Moores are members of the Tennis Club and plan taking part in Club activities through the season.

New Music Society to Give First Concert Sunday Night

The new Music Society of Palm Springs will present a star-studded concert tomorrow night at 8:15, at the Jewish Community Center in Palm Springs.

The Music Society recently was formed by the joining of the Palm Springs Civic Chorus with members of the Vine Street Musical Workshop. The concert will be conducted by Harry Tomlinson, with soloists Merwin Dant, baritone, and Evelyn Spikre, soprano.

Fourteen illustrious members of the celebrated Vine Street Musical Workshop will make up the orchestra. Included in this group will be the world-famous violinists Albert Vertchamp and Toscha Seidel.

The Workshop, founded and directed by Morris Brenner, is a professional organization dedicated to the advancement of music. It includes many of the world's greatest artists in both performing, conducting and composing fields. The program will begin with the

whimsical Liebeslieder Waltzes, for male and female chorus and duo piano. The pianists will be Mary Hoover and Christine Tomlinson.

Tickets for Sunday evening's concert may be purchased at the door of the Community Center auditorium on West Alejo Road.

If You're Going—Go

HARTFORD, Conn. (AP)—From on, when storekeepers announce going-out-of-business sales, they'd better go out of business. Gov. Abraham A. Ribicoff signed into law a bill outlawing phony "close-out" sales by fly-by-night storekeepers and vendors.

BRISTOL, Conn. (AP)—Charles Gallagher, who weighs 200 pounds, fell through the roof of his home into his bathtub 10 feet below. He wasn't hurt.

New Co Co Cabana Hotel is Culmination of Dream

The new Co Co Cabana hotel is the culmination of a dream woven together of many ideas gathered by the owners over a period of many years—years spent in Palm Springs and while guesting in hotels in this city.

Mr. and Mrs. Rowland France of Aberdeen, Washington, who have been winter guests in Palm Springs since 1932, and Edward F. Bishop, a native of Montesano, Washington, who has been coming to Palm Springs for 20 years, are the owners.

One day last Spring the three owners in casual conversation about the features they would like to find in a hotel after years of living in them down here found that conversation taking a serious turn and that was to weave their words into reality.

THE RESULT IS the Co Co Cabana as it stands today at 1881 Araby Road.

Palm Springs' nearest apartment hotel, a testimonial to the ideas of the owners, consists of ten units. And, of course, Mr. and Mrs. France have a beautiful double apartment and Bishop as well.

Spaciousness was one of the most important schemes in the construction of the Co Co Cabana. As a result both the single and double apartments are unusually large. All have private sun patios, private lanais and private carports.

THE DECOR OF THE kitchens is bright color, and they are equipped with Youngstown kitchens and boast of double sinks. The usual small apartment stove is missing and instead a full sized one as would be used in a home can be found in this part of the apartments. Refrigerators are oversized with large deep freeze compartments—rarely found in the average apartment.

Each apartment has more closet space than the average two bedroom home and is furnished in Chinese modern bleached mahogany.

Each of the apartments have thermostatically controlled heating and there is ample cross ventilation when the weather is balmy.

THE BATHS IN EACH of the apartments are of the pullman type variety with glass-enclosed tubs and showers.

Roomy as each apartment is, they differ completely in interior decor. One feature is the separate dining area complete with silver and china service for six persons.

It was pointed out that the Co Co Cabana is away from the hustle and bustle of downtown

Palm Springs and only eight minutes from the heart of the shopping center.

Its location was purposely selected to insure complete quiet and privacy for tenants. The grounds consist of five acres beautifully landscaped and the traditional swimming pool is inviting.

OUT OF THE apartment, portable barbecues for guests are available and the out-of-door living has been made more than inviting by the owners.

Mr. and Mrs. France and Mr. Bishop are deeply grateful to the Press Construction company for the particular, painstaking effort by that concern in following out the wishes of the owners. The construction of the Co Co Cabana was under the supervision of Warren Coble.

From Page 1—MORE ABOUT

CABAZON

ready for city council vote within about six weeks.

REGARDING PROTEST by the Southern Pacific Railway concerning their right-of-way, Tallent said their only reason for protesting the annexation move would be based on added taxation of the land. Cabazon has no tax set-up, and contemplates none.

According to state law, Palm Springs city council could protest to the County Boundary Commission because the southern line of the proposed annexation is within three miles of our city limit.

Tallent said the county has very light industry, but opposes anything which would be detrimental to visitors of the resort type that frequent Palm Springs.

He said his plan is to eventually join with Palm Springs in one large resort area, and will plan toward that end.

He added that he cannot annex all the land right now, for there are an estimated 25 residents in the area between the northern boundary of the Village and the proposed annexation boundary of Cabazon. He said that would be a step for the future, and iterated his desire to coordinate his plans with those of Palm Springs.

Be Prepared

COLUMBUS, Ind. (UP)—Contrary to current rumor, city police are not engaged in a drive to "clean up" headquarters. The dust pans and brooms recently made standard equipment in all patrol cars are for clearing the street of broken glass and debris after accidents.

It is estimated that North Dakota farmers in 22 counties sprayed 79,200 acres of crops to control grasshoppers last year.

Walking is a tedious way to lose weight. A person would have to walk 36 miles to shed a single pound of fat.

The Michigan State Highway Department was organized in 1905. Michigan issued its first automobile licenses the same year.

CONFIDENT LIVING

By Norman Vincent Peale

How to Have Inner Peace

My son John is a student in Washington and Lee University, at Lexington, Virginia. On one of my visits to him there, I stayed in the home of the University president, Dr. Francis P. Gaines. He told me that his residence had been the home of Robert E. Lee when the great general was president of what was then Washington College.

We lunched in the dining room in which one day, after coming home from a church meeting, General Lee was standing at the head of the table eating the blessing when he was seized with a stroke. He lay him on a couch and he died there. His tomb is in a church on the campus. The room in which we dined still seemed filled with his imposing presence.

Robert E. Lee was not only a strong man and a great military leader, but a man of beautiful character. He also had a calm control of himself which contributed to his mastery of events. A story is told about Lee at Gettysburg. He was sitting on a stump watching the ebb and flow of battle, his horse, traveler, grazing nearby. An aide came galloping up to him, crying out: "General, what shall we do? Everything is going against us."

"I planned the battle," said Lee calmly. "I deployed my troops. I have put into the strategy all that I know. At the moment I can do no more. When I am able to do more, I shall." He refused to be pressured into panic even by adverse events or by nervous people.

Another story is that in the middle of the night before an important battle an aide rushed into his bedroom. "The Federals have

captured all our guns," he reported excitedly.

Lee, roused from sleep, sat erect for a moment. "Did you say all our guns?"

"Yes, General," the man repeated in a panic, "all our guns."

Lee lay back on his pillow. "Well, there is nothing I can do about it until morning," he said quietly. "Wake me at six."

He didn't start tearing his hair. He didn't cry out: "What shall we do?" This great man had at the center of his life, a profound, divine peace, out of which came his driving energy and calm mastery of situations.

A cynical professor recently expressed himself in a magazine article as being "tired of all this talk about peace of mind." Curiously, he seemed to have the strange idea that the expression meant retirement from the real world, a turning aside from the great questions of our time into a state of innocuous quiescence.

The exact contrary is true. Peace of mind is a state of inner quietness in which the mind, having absolute control, becomes a generating center of power. And out of this inner center of power one derives power and strength to handle the difficult problems of life and to be a constructive influence in the problems of society as well. If the mind of a man is quiet inwardly, if he has no fear and no apprehension, he is then able to focus all the inherent powers of his personality upon situations which require attention.

Our great need, therefore, is to develop a peaceful center, an inner bulwark of quietness and calm. When you have peace at the center of your being, you cannot be defeated by fear or confusion or the hysteria of others. You are able to make your important decisions logically and without acting upon emotional impulse, which usually results in wrong action.

In the pages of the Bible you will find one of the most beautiful poems ever written. It is the Twenty-Third Psalm, and one line of it is particularly helpful in achieving inner peace: "I will fear no evil: for thou art with me." This great statement is so very wise. It means simply, live in constant awareness that God is with you, that the Lord is your shepherd, and you will always have inner peace.

New Way to Change Church Operations

MARIANNA, Fla. — Mary Edwards, 40, confessed she burned down the mess hall of the Friendship Church in Marianna because "I fell out with the deacons and didn't like the way the church was being run."

Second Series Starts Sunday at Community

Dr. James H. Blackstone, Jr., pastor of the Community Church of Palm Springs, is starting the second series of sermons on "Questions Jesus Asked." This Sunday his sermon subject will be "My God, My God Why Hast Thou Forsaken Me?"

There are duplicate morning services at 9:30 and 11 a. m. The Sacrament of the Lord's Supper will be served at both services and again in the evening for those not able to be present at the morning hour. New members will be received into the fellowship of the church.

The Sunday School commences at 9:30 and there are classes for all age groups. A nurse is in charge of the nursery and will take care of infants and children up to the age of two years.

The High School and Junior High School young people meet at 6:15 for their Christian Endeavor Groups. These are very well attended and a great deal of interest has been shown in the group discussions.

At the 7:30 evening service Rev. Alfred G. Glass will be present to present an illustrated message "Where Beauty Leads to Worship." Rev. Glass is the pastor of the church in Yosemite National Park and his colored slides of the park will be of interest to all. The public is cordially invited to attend both of these services.

On Wednesday evening Dr. Blackstone conducts a mid-week service. This is both a Bible Study time and a time of Prayer. Following this service a fellowship hour is held when refreshments are served. All are welcome to come to the service. Visitors are especially welcome.

Lesson-Sermon Sunday to be Based on Spirit

The subject of the Lesson-Sermon in all Churches of Christ, Scientist, Sunday, is "Spirit."

St Paul in his first epistle to the Corinthians (12:8, 9), enumerates the different ways that spirit, God, is expressed by man. He says: "For to one is given by the spirit the word of wisdom; to another the word of knowledge by the same Spirit; to another faith by the same Spirit; to another the gifts of healing by the same Spirit."

A correlative and explanatory passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy says, Spirit diversifies, classifies, and individualizes all thoughts, which are as eternal as the mind conceiving them; but the intelligence, existence, and continuity of all individuality remain in God, who is the divinely creative Principle thereof" (p. 313).

The Golden Text from Psalms (143:10) reads, "Teach me to do thy will: for thou art my God; thy spirit is good; lead me into the land of uprightness."

25 to Receive First Communion

The 25 new communicants received into the full fellowship of the Episcopal Church through confirmation by Bishop Bloy last Sunday will have two opportunities to make their first communion at St. Paul's in the Desert tomorrow.

Holy Communion will be celebrated at 8 a. m., and also at 11 a. m. In addition to those presented from the local parish, 14 others journeyed from Twenty-nine Palms to be confirmed as members of St. Martin's Church in that community.

The family service and Church School begins in the Church at 9:15 a. m. each Sunday. Following the worship service, classes for all ages, nursery through adults, are held in the Parish Hall. The Rector's study group is analyzing the Gospel according to St. Mark.

The Young People's Fellowship will not meet tomorrow evening, but will resume meetings on subsequent Sundays at 7 p. m.

Rev. Kerr Named as Assistant

The Community Church of Cathedral City has engaged the Rev. Dr. William C. Kerr as assistant minister for the month ahead. Dr. Kerr has held important positions in Japan under the MacArthur administration and also in Korea. He will assist the pastor by calling and by sharing in the evangelistic work of the church.

Boy Scouts are expected both at the Sunday School at 9:30 and at the service of worship at 11 tomorrow.

The church observes the Communion, with the pastor preaching the sermon, at 11 a. m. tomorrow. The officers of the church and their wives will meet February 14 at 6:30 p. m., for a potluck supper, honoring new officers and those retiring from office. The Board of Trustees has elected Paul Clark, president, and Don Veitch secretary, for the year ahead.

Farmer Uses Rifle to Beat Off Hogs and Shoots Himself

LITTLEROCK — A 29-year-old farmer accidentally shot himself to death while fighting off a pack of five hogs, the Los Angeles sheriff's deputies reported.

Deputies said Charles Leslie, of Littlerock, was walking in a field with his rifle when he apparently was attacked by the hogs, owned by a neighbor who permitted them to roam free.

The rifle was found broken in half. Sheriff's Lt. Al Etzel said the man must have been using the rifle to defend himself against the hogs when it discharged, mortally wounding him.

The first automobile company organized in Michigan was the Olds Motor Vehicle Works at Lansing. Ransom E. Olds and Frank Clark were partners in the firm and produced their first car in 1898.

'Father Who Seeth in Secret' is Sermon Topic

Title of lecture to be given by Dr. Irma Glen in the Church of Religious Science Sunday, will be "The Father Who Seeth in Secret," and will be based on "Matthew 6:4" of the Bible; and "Science of Mind" textbook by Dr. Ernest Holmes, Page 430.

Dr. Glen says our prayers are to be made to God in the secret place of our own being. They are not to be shouted aloud for the ears of men. The Soul must enter this "secret place" naked and alone. This is how the "One Returns to the One."

Dr. Glen also lectures every Thursday evening at 8 o'clock at the Women's Club, 314 S. Cahulla Road, Corner Baristo. Lectures are open to the public and are without charge, but a free-will offering is taken.

On Sundays, Church is held in the El Paseo Theatre on North Palm Canyon and is preceded at 10:45 by an organ prelude by Dr. Glen, who is an accomplished musician.

Holy Communion to be Observed at Our Savior's

Holy Communion will be celebrated in Our Savior's Lutheran church at the 10:30 a. m. service on Sunday at the American Legion hall. All who desire to partake of the Lord's Supper are urged to attend the Confessional Service which takes place at 10 a. m.

"Paul's Sufferings: A Source of Joy for him and us" is the sermon topic. Pastor Hass will base his sermon on St. Paul's second letter to the Corinthians, Chapter 11 and 12. The key verse in this section is: "My grace is sufficient for thee; for my strength is made perfect in weakness."

On Friday evening, February 10, members and friends of Our Savior's Lutheran Church will see another set of slides on mission work in Japan. Pastor Hass will continue to share his experiences in Christian missions while he is in Palm Springs. All who are interested in seeing slides on Japan or on Christian missions are invited to attend this showing at 1945 Mel avenue at 8 p. m.

Our Savior's Lutheran Church has completed plans for holding special services during Lent.

Indian Church Eucharist Rites Set for Feb. 5 to 7

Girls with white veils will march in procession of the Blessed Eucharist at the end of the 10:30 a. m. Mass Sunday, to open the three day rites of the "Forty Hours' Adoration," the ceremonies taking place in the Indian Reservation Church, corner of Arenas and El Segundo.

About thirty specially trained girls will take part, and a dozen robed altar boys, all members of the Reservation parish. A second solemn procession will bring the rites to a close on Tuesday evening.

The "Forty Hours' Adoration" of the Blessed Sacrament is a Three Day Eucharist devotion held solemnly in churches in memory of the forty hours during which the Sacred Body of Jesus was in the sepulchre. It began as an approved public ritual of faith about the year 1534 in Milan, Italy. It was first introduced into the Diocese of Philadelphia, Pa., in 1853.

The choir of Our Lady of Guadalupe Church (Indian Reservation) under the direction of Dr. Callista Stefan. Mrs. Healy will accompany the High Mass at 10:30 a. m. Sunday, and will also sing at the morning High Mass on the following Monday and Tuesday at 7 a. m. The choir will also sing liturgical hymns during the opening and closing processions Sunday morning and Tuesday evening.

Guest preacher for the 7:30 p. m. services Sunday, Monday, and Tuesday, will be the Reverend John C. Gaffney, S. J., who went overseas with Air Corps as a Chaplain during World War II, and later was a successful teacher and

baseball coach at the High School of Loyola in Los Angeles. He is at present serving the Church of Christ the King in San Diego.

In charge of the Indian Reservation at present is the Reverend Bernard J. Sheerin, S. J., who in announcing these public ceremonies, invites all to join in them and pray especially for peace and union among Christian peoples and rulers.

The Healing Power of Christian Science

To those who live and look for something better, this message offers help, regardless of present circumstances. It has been put to the test by countless others in all manner of human need and has not failed them. Through sincere study of

SCIENCE and HEALTH WITH KEY TO THE SCRIPTURES by Mary Baker Eddy

that remarkable book containing the full statement of Christian Science, they have learned how to avail themselves of help and healing.

As a result, a new day has dawned for them, a new way of living — free and fearless. This light of understanding can be yours in the same way, through thoughtful study of Science and Health. It may be read, borrowed or bought at CHRISTIAN SCIENCE READING ROOM

NEW YORK (AP)—Fearless Fraley's Facts and Figures: The mail man is getting fallen arches totting in the mail out of North Carolina since Old Fearless picked Len Rosenbluth as a personal All-American basketball choice and was roundly and squarely criticized by North Carolina State's chief Tub Thumper and head recruiter.

State's Bill Hensley, its publicist, and Vic Bubas, assistant coach and "chief recruiter," chilled me severely by mail. There was no "off the record" involved, so I reported their outlook on such an honor to North Carolina's Rosenbluth. Hensley now writes thusly:

"RUNNING THE LETTERS was very poor taste. I am not ashamed of what I said and will stand by my convictions, but your public display of the letter was unethical and uncalled for. At least one thing is clear—and that's the reason you picked Rosenbluth. You should have called it your all-friendship team, since you and the UNC boys are so chummy."

Come now, Chumley, whose words were "unethical and uncalled for?" The next time you let your aggravation show, do it to somebody who goes for "off the record" conversations. Incidentally, I do know and admire Carolina's Frank McGuire. But I don't know the coaches of the four other guys I picked. And I still feel that Rosenbluth belongs on everybody's All-America team.

WALT MICHAELS, one of the Cleveland Browns' top linebacks, doesn't think that Otto Graham's "final" retirement will hurt the club too much. He sees, instead, that at long last George Ratterman finally will get his chance to star.

Plans already have been completed to transport the Olympic torch from Greece to Melbourne next November for the opening of the Olympic games. It will be the world's longest relay race.

Runners will carry the flame 217 miles at Athens Airport. From there it will be flown 8,545 miles to Darwin. Then it will be transferred to a jet bomber and zipped to Cairns in north Queensland. From there runners will tote it 275 miles down the coast. And all this trouble could be bypassed by one little old match.

UNDER TURF RULES no horse's name may be duplicated for 15 years. At least three now are on their second time around—Go Between, Jim Dandy and Golden Prince. As to the originals: Go Between was a Canadian stakes winner; Jim Dandy was a 100-1 longshot winner of the 1930 Travers over Gallant Fox, and Golden Prince strengthened his legs in the surf and then won the 1929 \$100,000 Caliente Handicap.

Pelino to Meet Martinez Tonight

HOLLYWOOD (AP)—Buffalo (N.Y.) middleweight Tony Pelino subs for Jimmy Palazola against Jimmy Martinez in tonight's scheduled 10-round locally televised main event at Hollywood Legion Stadium.

Martinez, the underdog to Palazola, has blossomed into a 1-to-3 favorite over Pelino. Palazola bowed out of the fight after suffering a back injury during a workout Thursday.

OUTDOOR POLO FLIES IN to the desert, and is met by members of the Shadow Mountain Polo Club, Lloyd Phillips of Palm Springs, left, and Lisle Nixon, operator of the Shadow Mountain Stables, where matches are being played this weekend in an arena, or short field. First outdoor polo was played in Palm Springs about 20 years ago; now matches will be played on part of Desert Air Hotel's airstrip, starting next month. Among those who arranged with the airstrip's owner, Hank Gogerty, are Alan Scherer, second from right, former polo coach at Stanford University and presently member of Red Diamonds polo team, and Willie Tevis, president of the San Francisco Polo Association, playing his 48th year of competitive polo. (W. Lee Wenzlick photo.)

Outdoor Polo to Return to Desert Early in March

The first outdoor polo (so called because the playing area measures 900 feet in length, as against indoor polo, which playing area is an arena measuring but 320 feet) since Charlie Farrell ran evening matches at what is now the Polo Grounds ballfield in 1939 or '40, will be played in the desert area, starting as a regular scheduled event next month on the airstrip of Hank Gogerty's Desert Air Hotel.

Two groups of players now hold weekend matches of indoor, or arena polo, on a regular schedule during the season. The Polo Grounds and the Shadow Mountain Stables are the sites of the short-field play.

The initial long-field tournament will be played March 3 and 4, in the afternoon.

ARRANGEMENTS were made through Gogerty and the Shadow Mountain polo club. The regular members of the Shadow Mountain team are Lisle Nixon, Lloyd Phillips and Ted Pierce.

They expect to compete against teams now playing against them regularly on the short, indoor field at the stables, some of which will compete in the three-weekend tournament set to start next weekend at the stables.

So far, the only scheduled outdoor matches are set for the March 3 and 4 dates, but plans are being made for others.

Farrell, owner of the Racquet Club, who arranged the last matches played in the desert area, said yesterday he hopes the persons putting on the weekend will see fit to continue.

Gogerty, in planning for the matches, arranged to roll the turf to even grade, and to make arrangements for between-chukka turf care.

Tigers Still in Volleyball Lead

Eight volleyball games were scheduled for Wednesday night at the high school gymnasium for the City Recreation Department's Volleyball League, but six were played.

The Youth Center defaulted to the Tigers; Blue Sox took two from the Faculty, 15-12 and 15-10; White Sox split with the Desert Sun, 15-9 and 5-15; and the Jaycees beat the Old Men, 15-10 and 15-11.

RUSSIA CLINCHES TEAM CROWN IN OLYMPIC WINTER GAMES IN ITALY

By CHARLES RIDLEY
United Press Sports Writer

CORTINA, Italy (AP)—Franz Kapus, a 45-year-old Swiss chauffeur, won the Olympic four-man bobsled title today and Russia's iron-legged skiers won the 40-kilometer cross-country relay race to clinch the unofficial team championship for the Soviet Union in its first appearance in the Winter Games.

In an unprecedented showing by a nation appearing in the classic for the first time, Russia raised

its team point total to 111 points with two of 24 events still to be decided. Austria, runner-up with 78½, has no chance to catch the Soviet winter stars.

There is no official team championship in Olympic competition, but with points awarded on a 10-5-4-3-2-1 basis for first through sixth place in each event, the Russians outscored the Scandinavian and central European ice and snow powers on their first try at the Winter Games.

THE UNITED STATES added 4 points when Art Tyler of Rochester, N.Y., finished third in the four-man bobsled competition but slipped from fifth to sixth in the team standings with 49½ points. Jim Bickford of Saranac Lake, N.Y., driving the U.S. No. 2 sled, finished 19th in a field of 21 bobs when the two-day competition ended on the icy one-mile, 109-yard chute.

Russia clinched the team title when Vladimir Kuzin, its anchor man in the punishing relay, staggered across the finish line a minute and one second ahead of Finland's Veikko Hakulinen.

The United States team of Ted Farwell Jr., of Montague City, Mass.; Andrew Miller of McCall, Idaho; Larry Damon of Burlington, Vt., and Marvin Crawford of Denver, Colo., finished 12th in the field of 14 relay teams.

Norway was fourth, Italy was fifth and France sixth.

IT WAS THE ONLY victory, Russia's men were able to score in the skiing competition. Lyubov Kozyreva of Russia won the women's 10-kilometer cross-country race but the other three Soviet gold medals were won by speed skaters. Austria lost its last chance to catch Russia when it placed 11th in today's relay race.

Russia also can win the hockey championship tonight by defeating or tying Canada.

Kapus, a chauffeur and mechanic

who handles a bobsled almost as easily as he would drive an automobile on a four-lane highway, won the four-man bobsled title with two brilliant runs down the dangerous course.

Eugenio Monti, driving Italy's No. 2 sled, finished second.

The Swiss No. 2 sled, handled by Max Angst, was fourth. Dino de Martin, driving Italy's No. 1 bobs, was fifth and Germany's No. 1, guided by Hans Roesch, placed sixth.

Kuharich Talks Over Huskie Job

SEATTLE (AP)—Joe Kuharich, coach of the professional Washington Redskins, was to meet in Chicago today with Harvey Cassill to talk over the head football coaching job at the University of Washington.

Cassill, director of athletics, confirmed he planned to interview Kuharich but insisted "there has been no commitment of any kind."

Kuharich was named "Coach of the Year" in pro football for 1955 and is now coach of the Redskins on a three-year contract reportedly calling for a salary of \$17,500 a year. He formerly was head coach at the University of San Francisco.

Cassill said he planned to hold interviews with other candidates. "I wouldn't care for anyone to construe that I have a firm deal in mind at this time," he said. "I haven't."

Kuharich had an 8-4 record with the Redskins last year and coached the East All-Stars to a victory over the West All-Stars in the pro game last month at Los Angeles.

Redskins Swarm Over San Jacinto in Season's Biggie by 67 to 39

Jordan Hits for 32 Points to Pace Pals

By DAVE FISHER

A 32-point splurge by Charles Jordan and a tremendous effort by the remainder of the Palm Springs five last night pushed the Redskins past the injury riddled San Jacinto Tigers, 67-39, and a big step closer to the local cagers' first Riverside County League basketball championship.

An overflow crowd in the Palm Springs gym watched the Indians roll by the mountain boys, who sorely missed their all-C.I.F. center Jim Quast, out with an ankle injury.

The victory was the eighth in a row for Palm Springs and left them a game and a half ahead of San Jacinto in the R.C.L. standings. The Indians haven't been beaten since their opening game 65-60 loss to the Tigers.

The man, deserving the most credit for the twin Indian victories last night and their success the entire season is the Palm Springs head mentor, Ralph Watt. He has brought the team along to the first place position they now hold and besides proving himself as a great coach, has displayed excellent sportsmanship both in victory and defeat the entire season.

THE GAME STARTED OFF, looking nothing like the runaway it developed into. The Braves were hurt in the early minutes of the opening period by fouls and to make things worse San Jacinto was dumping their free throws. Palm Springs finally forged ahead with about a minute left in the first period, but a foul shot by Ron Chapman quickly knotted it at 15 apiece and that's the way it stood as the quarter ended.

The game continued to be a saw-battle until late in the first half. Then buckets by Jordan and Mickey Pellum put the Indians in front to stay. A jump shot by O. B. Crawford just as the buzzer sounded gave the Warriors a 30-23 edge at intermission.

THE SECOND HALF was completely dominated by Palm Springs. San Jacinto seemed worn out and unable to keep up with the fast Indian pace. The highly publicized Wilson twins of the Tigers had trouble living up to their advance notices. The rebounding of the look alikes was every bit as good as had been said, but their shooting seemed to be off as the Indian defense held them to a total of 15 points.

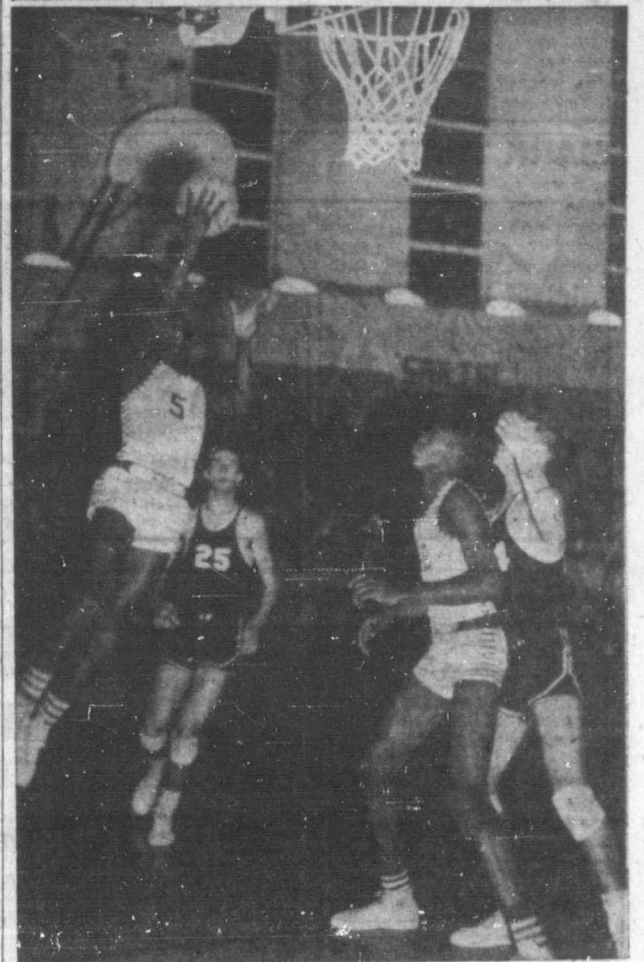

Charles Jordan who had been elected 1956 captain by his teammates was unstoppable in the last half. He just didn't miss on his jump shots and even his foul shooting was deadly. The 32 markers which Jordan collected kept him in the top spot in R.C.L. scorings with 222 points.

MUCH OF THE CREDIT for the Palm Springs victory must go to Mickey Pellum and Vic Reyes for their sparkling defensive work. The two Indian guards stopped the deadly set shots of Woody Rodriguez and Gary DeSoto and were continually deflecting Tiger passes. Pellum also added greatly to the scoring punch of Coach Ralph Watt's squad, tallying 14 points.

Returning to the line up for last night's tilt was O. B. Crawford. The fighting forward, though seeing no practice for two weeks, helped Palm Springs tremendously off the back boards and managed to pick up 6 points.

The cheering crowd of nearly one thousand got a big kick when with 59 seconds to go in the game and the Indians ahead by a safe margin of 26 points, Coach Watt cleared the bench. The warrior substitutes full of spirit and fight put forth with everything they had for slightly less than a minute.

THE PALM SPRINGS B's got the evening started on the right foot when they upset the favored San Jacinto squad 46-43 in the preliminary game. The papooses were beaten by the Tiger B team in the first clash of the season.

ONE OF FIVE BASKETS scored last night by Mickey Pellum, Palm Springs star guard, starts in as his team-mate, Charley Jordan, waits for rebound that didn't come. Pellum added four free-throw points to his baskets for a total fourteen last night, keeping him in third place of R.C.L. scoring. Jordan is first, Sims of Hemet second. The Wilson twins of San Jacinto guard him futilely. Wayne is number 25, Blaine Wilson, 24 (John Simon Photo)

Ted Williams Prepares for Full Season with Red Sox

BOSTON (AP)—Ted Williams, the newly inked \$100,000 contract in his pocket, served notice today that he plans a full season with the Boston Red Sox, spring training included.

Williams, tanned, happy and 15 pounds overweight, signed a one-year contract with Boston owner Tom Yawkey at Fenway Park Friday.

Both declined to mention the figure in the contract but the big outfielder quipped: "I'm happy about it."

Williams said trimming down to his normal playing weight of 205 "wouldn't be hard" but he admitted he was going to take his time getting into shape.

Williams predicted the Sox—strengthened by the trade that brought first baseman Mickey Vernon and pitcher Bob Porterfield but seemed much improved in last night's meeting.

Again leading the local squad were Curtis Roberts and Charles Brown. The two speedsters ruined San Jacinto with their amazing drive. High-scoring honors went to Roberts who picked up 16, while his fellow warrior Brown pushed in 12.

Two Disney cameramen, Lloyd Beebe and Elmo Jones, are in for more than just a cold Winter. They're accompanying Navy photographers on Operation Deepfreeze, this country's latest and most ambitious venture into the Antarctic region. Their films will be seen on TV's "Disneyland" and "Mickey Mouse Club."

A record's record: The London Ranger organization says it has been informed its use of the "William Tell" overture as theme music for nearly a quarter of a century has made recordings of the classical piece best-sellers.

A cartoon illustration by Bob Schurter. A man wearing a hat and a long coat is standing on a rocking chair. He is holding a rectangular sign that reads "THERE'S NO PLACE LIKE HOME". He is looking towards a woman who is standing in a doorway behind him. The woman is wearing a dress with a diamond pattern and has her arms crossed. The scene is set indoors, with a doorway and a window visible in the background.

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF RIVERSIDE
 In the Matter of CHARLES RICKLAND WICKMAN, a Person Under the Age of Twenty-one Years.
 CITATION TO SHOW CAUSE WHY CHILD SHOULD NOT BE FREED FROM CUSTODY AND CONTROL OF PARENTS
 THE PEOPLE OF THE STATE OF CALIFORNIA, TO ROBERT WICKMAN AND HELENA HANNAH (GROSS) WICKMAN.
 You are hereby cited to be and appear in the Superior Court of the State of California, in and for the County of Riverside, at the courtroom of Department 3, on Friday, the 17th day of February, 1956, at ten o'clock, A. M. of that day, then and there to show cause, if any you have, why CHARLES RICKLAND WICKMAN should not be by this court declared free from the custody and control of yourselves, his father and mother, and for failure to attend as hereinbefore required you will be deemed guilty of contempt of court.
 Given under my hand and seal of the Superior Court of the State of California, this 11th day of January, 1956.

HOME WITH A VIEW

It's in Little Tuscany, of course. The sliding glass doors from the master bedroom lead to a private patio. The living room glass doors lead to another to take full advantage of the view. A flagstone fireplace spills out into the L shaped living room and dining area. This two bedroom, two bath home is designer built. There are walled, landscaped gardens just beyond the glass walls of the baths and marble (well, maybe not real marble) shower walls and the same "marble" is used for the free form pullman sink. This is a Little Tuscany home you can afford.

Weekend Holiday Homes

with Trailers Alongside

The Stanford University plan of 99 year leases brought to the desert by the creator and original owner of Smoke Tree Ranch. Recognizing the changing times and the demand by thousands of substantial and socially desirable people who want a small artistic weekend home and their luxury trailers alongside, for winter storage or use, this development now offers this unique arrangement. Big lots 75x105, with metered water, electricity 20% cheaper, phone 15 cents to Palm Springs, natural gas, wind protected, trees on lots — only \$7 month. In 7 years you save the cost of a permanent home on the current trailer park rates. Minimum restrictions 480 square feet. Lessees screened and minimum size trailers required. Children permitted. Build your own Holiday Home or we can build to your plans in cement block — for \$3975. You may rent, transfer, sell. In the Palm Springs High School district. Privacy, peace, seclusion. Only 108 plots ever available. Swimming pool will be built and deeded to leaseholders. Drive out Ramon Road, across Freeway 99, three miles to Hidden Springs Ranch. See the MODEL WEEKEND HOME. Charles Doyle, owner and developer.

Texas Again Feels Lash of Gulf Storm

Freezing Rains in South, Gales Sweep Eastward

By UNITED PRESS
A storm centered over the Gulf Coast today whipped Texas again with snow and freezing rain and unleashed thunderstorms eastward to the Atlantic Coast.
Some let us was forecast for the Texas Panhandle which experienced its worst winter storm with 10-foot snow drifts piling up from an 11-inch snowfall.
The blowing snow and cold, blamed for 17 deaths in Texas and New Mexico, nearly trapped 100 or more persons near Plainview, Tex., Friday night. Only quick rescue efforts by the National Guard and highway patrolmen prevented motorists, truckers and bus passengers from becoming stranded in sub-freezing temperatures.

THE NATIONAL GUARD used trucks to bring the travelers to safety after the record snow bogged down about 75 automobiles, three buses and several trucks a few miles outside the city limits.
The storm disrupted some communications, closed many schools and made travel nearly impossible nearly two-thirds of the state the past three days.
More than 13 inches of snow was on the ground at Carlsbad, N. M. Herds of valuable cattle were threatened on the open range and schools had to close.

FORTY-EIGHT-HOUR RAINS to the northeast brought on by the storm caused about 100 families to flee from their homes along the Forked river at Dyersburg, Tenn. Flood warnings were posted at Fayetteville, Shelbyville and Knoxville, Tenn.

Generally fair weather prevailed over most of the rest of the nation.
Temperatures were a little warmer in the north-central states. It also was warming in Colorado and Wyoming with the temperature climbing to the high 30s and low 40s.

Brown Named Cabazon Official

Merrill Brown of the law firm of Simon, Brown & Arnold, Palm Springs, last night was named city attorney of the City of Cabazon. He started his duties immediately. Next meeting of the council is Monday night, at which time the city officials will discuss the possibility of issuing revenue bonds.

CATLINA AIR LINES started scheduled service to Palm Springs this morning. The daily flights travel to and from Los Angeles, and offer the first air lines service here since Western was grounded by a strike. Meeting the first flight and greeting Don McBane, president of Catalina, as he emerges from the plane are, left to right, Harold West, of the Chamber of Commerce; Culver Nichols, who was responsible for the service being started; Earl Hough, Chamber of Commerce president, and City Manager R. W. Peterson. (Desert Sun Photo)

BOND

course. The opinion was voiced that the hotels in the city should operate the golf course because they were the ones who would benefit most.

MRS RUTH HARDY, a member of the City Council and also the League, pointed out that most of the proposed capital improvements had been under consideration for a long time and that the Council thought the people should be given the opportunity to vote on them. She said that the cost of the improvements would be spread out over a period of 20 to 25 years and that many of the proposals might not get under way for some time. Further delays, she stated, would result in increased costs for the land.

It was brought out in the discussion that the present bonded indebtedness of Palm Springs is \$650,000 and the limit by law is \$6,000,000.

The population of suburban areas increased 35 per cent from 1940 to 1950, while the cities they surround grew only 13 per cent, according to U.S. Census figures.

Smith, Walberg to Attend Meet

W. H. Smith, president, and Elmer Walberg, secretary of Coachella Valley Savings and Loan Association, will attend the annual Management Conference of the California Savings and Loan League which will be held February 15 to 17 at Santa Barbara.

Presiding over the conference will be League President Russell

W. Bell of Santa Barbara, who will deliver the opening address. Other conference speakers include Raymond Rodgers, professor of banking, Graduate School of Business Administration, New York University; Dr. Robert Neumann, associate professor of political science, University of California at Los Angeles; Dr. Fred E. Case, associate professor of real estate at UCLA; and Walter W. McAllister, chairman of the Federal Home Loan Bank Board, Washington, D. C.

meet with them later next week, at which time the Commission may have an answer to this company's problem.

The chief question for the Coachella company is the extended area rate charges, between Palm Desert and Palm Springs. The company had been working on studies of the question prior to the action taken by Palm Desert, "but we still don't know the answer to the extended area question," said Newman.

He added that "there are two ways that an answer can be reached, first by an application by the company with a complete plan, and secondly by application by the people."

The second choice is an expensive one because legal and engineering counsel must be obtained," Newman explained.

At the meeting which is scheduled with the commission later next week, the PUC can determine what will be the best for service to the people.

Simsarian Again Wins High Award

Henry A. Simsarian, 850 North Palm Canyon Drive, has been honored again by General Electric Appliances Company for an outstanding sales record.

He has been named one of the 10 Star Topper winners in the 1955 Toppers Club contest, and will be awarded an all-expense paid vacation trip to New Orleans Monday through Friday.
Simsarian recently returned from a similar trip to Bermuda. He was one of two Southern California small appliance dealers to be honored this time.

Crack European Trains Collide

ATHENS, Greece (U.P.)—Twenty-nine persons were injured today when Premier Constantine Karamanlis' special train and the famed International Simplon Express crashed head-on.

Karamanlis escaped unharmd in the collision at Domokos in Thessaly. Eighteen others aboard his train suffered minor injuries.

The special train was returning Karamanlis to Athens from Larissa where he has been campaigning for the forthcoming general elections. The Simplon Express was en route north from Athens for Paris.

The Simplon Express is one of Europe's most famous international trains. It was one of the few east-west trains that managed to keep running through the Iron Curtain despite the "cold war."

Ramon Park Leads In Dimes Drive

Ramon Trailer Park led all other parks in March of Dimes collections during the Mothers March, with Mrs. John Martin as chairman of the committee.

Earlier, it was stated that Mrs. Martin had made the collections herself. A committee of residents assisted with the drive.

Peterson Outlines City's Expansion, Progress Plans

City Manager Robert W. Peterson told 29 members of the Mayor's Coordinating Council yesterday at their regular monthly luncheon meeting at the Oasis Hotel, that the city's expansion and progress plans are not tied solely into the bonds up for approval at a February 14 special election.

Peterson said the building program includes the use of about 50 per cent of the sales tax revenue, which has been assigned to such constructions as the proposed \$300,000-plus city hall and two shelter buildings, one at Tamarisk Park and one for animals.

The city manager said the tax fund will also pay for the construction of the new fire station and for the remodeling of the police station at its present location, with the addition of a courtroom upstairs.

Later, Mayor Boyd addressed the group regarding the Catalina Air Lines service, brought to the Village through the efforts of realtor Culver Nichols. Boyd said though the service has a one-flight-a-day schedule, the air lines has agreed to take care of excess passenger loads if they later exist.

Boyd said there is a gentlemen's
